OFFERTE

Le offerte non impegnano il fornitore a definire il relativo contratto di fornitura. I contratti non sono definitivi se non dopo che siano regolarmente accettati dalla Ditta.

PREZZI E MODALITÀ DI PAGAMENTO

I prezzi non includono l'imposta sul valore aggiunto (I.V.A.). I costi d'imballo e trasporto non sono vincolati al contratto di fornitura ma sono soggetti agli eventuali aumenti che dovessero intervenire prima della spedizione. Il pagamento delle fatture deve essere fatto nelle forme, modalità e termini in esse indicati; trascorsa la scadenza stabilita decorrerà, senza avviso alcuno, l'interesse in ragione del 5% annuo in più del tasso ufficiale di sconto vigente al momento della scadenza. In caso di contestazione del cliente su di una fornitura riconosciuta ufficialmente dal fornitore, potrà essere data autorizzazione a modificare le suddette modalità di pagamento. Il fornitore si riserva il diritto di sospendere le consegne in caso di mancato pagamento di precedenti forniture.

VARIAZIONE PREZZI

Le offerte e conferme sono fatte con riserva di revisione prezzi da parte del fornitore, in relazione all'eventuale aumento del costo dei materiali e/o manodopera senza obbligo di darne giustificazione o dimostrazione dei relativi conteggi.

CONSEGNE

Il termine di consegna non costituisce elemento essenziale del contratto di fornitura; difficoltà di consegna, dovute a gravi motivi imprevisi all'atto della conferma, autorizzano il fornitore alla risoluzione del contratto senza responsabilità di nessun genere. La data di consegna indicata nelle conferme si riferisce alla decade in cui la merce è pronta a magazzino per la spedizione. Il fornitore si riserva il diritto di effettuare la consegna di un ordine in una o più spedizioni. Fotografie, disegni tecnici o altri riferimenti presenti nel catalogo non sono vincolanti. Il fornitore si riserva il diritto di apportare eventuali variazioni alla produzione che comunque non ne diminuiranno la validità e la qualità. Tutte le consegne sono rese franco stabilimento del venditore e viaggiano ad ogni effetto a rischio e pericolo dell'acquirente anche se la resa è stabilita franco destino e il trasporto eseguito con automezzi del fornitore.

RECLAMI

Tutti i reclami riguardanti la merce, ivi compresi quelli relativi al numero, difetti e difformità, devono essere fatti per iscritto ed a pena di decadenza entro 8 giorni dal ricevimento della merce.

EFFETTI LEGALI

Qualsiasi condizione indicata dal compratore in contrasto con quelle indicate nel contratto di fornitura non avrà valore. Per qualsiasi omissione di condizioni si farà riferimento al codice civile italiano. La nullità di una condizione del contratto di fornitura non toglierà validità alle altre condizioni. Per qualsiasi vertenza o contestazione l'unica e competente autorità giudiziaria è quella di Novara.

OFFERS

The offers don't commit the supplier to define the related supply contract. The contracts are not definitive if they aren't regularly accepted by the company afterwards.

PRICES AND PAYMENT CONDITIONS

The prices don't include the value added tax (VAT). The supply contract doesn't bind packaging and transport costs, but they are subject to possible increases if they should occur before shipment. The payment of the invoices should be carried out in the forms, ways and terms indicated in them; after the expiry of the established date to be due, there will be applied an interest of 5% yearly as well as the official discount rate in force at the moment of the expiry, without any advice. In case of customer's claim concerning a supply officially accepted by the supplier, the above-mentioned payment conditions could be modified upon authorization. The supplier reserves the right to suspend the deliveries in case of failed payment of the previous supplies.

MODIFICATION OF PRICES

The offers and confirmations are carried out with revision reserve of prices by the supplier, according to possible cost increases of the materials and/or labour without having the right to give justification or demonstration of the related counts.

DELIVERIES

The term of delivery doesn't constitute a main element of the supply contract; difficulties in delivery due to serious unplanned reasons during the confirmation deed, authorize the supplier to the cancellation of the contract without any kind of responsibility. The delivery date indicated in the confirmation documents refers to the 10-day period where the goods are ready in the warehouse for shipment. The supplier has the right to carry out the delivery of an order in one or more shipments. Photos, technical drawings or other references present in the catalogue are not binding. The supplier has the right to apply possible modifications to the production, which however won't diminish the validity and the quality. All the deliveries are shipped ex-works and travel at purchaser's risks, even if the the goods are delivered free to dstination and the transport carried out by means of the supplier.

COMPLAINTS

All the complaints regarding the goods, including the ones related to the number, defects and differences should be carried out in writing and within 8 days after receipt of the goods.

LEGAL EFFECTS

Each condition indicated by the purchaser in contrast with the one in the supply contract is not valid. Refer to the Italian civil code for each omission of conditions. The nullity of a condition in the supply contract doesn't withdraw the validity of the other conditions. The jurisdiction in Novara is the only competent one for every dispute or challenge.
